

A Department of the Board of Supervisors

Need Voting Assistance?

Special Election Boards

Maricopa County voters with a confining illness or disability can request voter assistance from the Special Election Board (SEB). The SEB teams are made up of two trained election staff of differing political parties who travel to the voter. We provide the following services:

Voter Registration

Our bipartisan teams can come out to your home or facility to support voter registration or to voters in updating their voter registration records.

Voting Support

Bipartisan teams can deliver and assist in voting the ballot for any registered Maricopa County voter who is unable to vote at a polling location due to a physical disability or confining illness.

Braille & Large Print Ballots

Maricopa County voters can request a Braille or Large Print ballot through our Special Election Board at (602) 506-1511 or by emailing us at SEB@risc.maricopa.gov.
